21 February 2019

Mr David Sartori  
Lower Burdekin Water  
PO Box 720

AYR QLD 4807

Dear Mr Sartori

*Dave*

I wish to advise you of a decision made regarding the changes to the composition of the board of directors for Category 2 water authorities. This follows the Gazette Notice published on 7 September 2018 with submissions closing on 8 October 2018.

The Department of Natural Resources, Mines and Energy has considered the submissions received through this process. The procedure takes into account concerns raised during the submission process.

I have attached a copy of the procedure, which was approved by the Chief Executive on 13 February 2019. A final notice detailing the changes to the composition of the board of directors for Category 2 water authorities was published in the Government Gazette on 20 February 2019.

I appreciate the time and effort taken to provide submissions and encourage you to view the procedural requirements at: [www.qld.gov.au/environment/water/catchments/local-water-boards](http://www.qld.gov.au/environment/water/catchments/local-water-boards).

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Mandy Downes'.
